

**Visa Account Updater Service
Opt Out Request Form
Check Card**

What is the Visa Account Updater (VAU) service?

Visa Account Updater (VAU) is an account updating service in which your University Credit Union Visa ATM/Check card is automatically enrolled. When your Check card(s) expire, are lost or stolen and new cards are issued, the VAU service will update relevant card data (card numbers and expiration dates, CVV) to appropriate merchants who participate in VAU. This service provides updates to a Visa database only. The database is accessed by those qualified merchants seeking your account information after you have requested they process a recurring payment or payments. This service is provided as a free benefit to you to help facilitate uninterrupted processing.

If you wish to opt-out of the VAU service, please complete the information below:
